Team Stream 4.0 Update Streamlines User Experience, Adds Updated Content Customization & Improved Fantasy Sports Features

[Bleacher Report](#), a leading digital destination for sports news, analysis, video and live scores, has announced an update to [Team Stream™](#), its top-rated and industry-leading tablet and smartphone app. The latest Team Stream update, currently available on iOS devices and coming soon for Android users, introduces an enhanced home screen stream and improved customization features providing more direct access to real-time text and video updates from Bleacher Report's deep roster of lead writers and top contributors. The update also includes expanded video content and new features for fantasy football participants.

The Team Stream 4.0 update includes:

- A redesigned home screen with top news for each fan's customized streams.

- Curated player news with comprehensive fantasy analysis and advice on each NFL player.

- An updated "My NFL Players Stream" feed with custom news and real-time scoring notifications for up to 50 NFL players allowing fans easy access to best cover their fantasy football teams. McDonald's and State Farm are the season-long co-sponsors of the essential "My NFL Fantasy Players Stream."

- Play-by-play auto-notifications for top game moments, including scoring play notifications for touchdowns and field goals so fans can keep track of their fantasy teams.

- "My Box Score," a customized weekly team box score with live updating stats for all fantasy players.

"With these latest enhancements, Team Stream is best positioned to serve young, passionate sports fans with the real-time information they crave about their favorite sports, teams and players," said Dave Finocchio, founder and general manager of Bleacher Report. "These customization features allow fans to personalize their mobile experience to receive the content that is most important to them, and give them an edge on their Fantasy Football competition."

In addition to these updated features, Team Stream recently allowed fans to follow new streams including Uniform Watch, Longform, Video Games, Trending, and all NCAA Sports streams. Team Stream fans will continue to enjoy high-quality, custom content on all of their favorite sports, teams and players including news, information and analysis from Bleacher Report's top writers and contributors.

The updated Team Stream 4.0 app is currently available for [download on iOS platforms, with an Android update coming soon.](#)
