First-Ever Official Wireless Provider of ELEAGUE Taps into Brand's Growing Millennial Audience through Cross-Platform Sponsorship Presence

Turner and IMG's **ELEAGUE** and **Boost Mobile** have teamed up, with the mobile carrier now the Official Wireless Partner of ELEAGUE. The relationship will come to life through initiatives spanning ELEAGUE's linear television, digital and social platforms, as well as on-site at ELEAGUE competitions, highlighting Boost Mobile's mission to deliver the best value, service and customer experience in prepaid wireless.

"As we continue to expand the ELEAGUE brand into new spaces and IPs, we look forward to working with leadership brands like Boost Mobile to explore new breakthrough opportunities within the sport," said **Seth Ladetsky, senior vice president of sales for Turner Sports**. "We are thrilled to have them on board, as they are a brand that truly resonates with the millennial esports community."

"Boost Mobile is excited to become the first official wireless partner of ELEAGUE, and I am confident that this collaboration will allow both companies to further engage with and expand our millennial customer bases," said **Peiti Feng, director of brand strategy and marketing communications at Boost Mobile**. "We recognize the importance of this target audience to our brand and want to provide them with the best experiences not only in mobile, but also in entertainment and pastimes like esports."

In connecting with ELEAGUE's highly engaged fans, Boost Mobile will tap into ELEAGUE's expertise in creating award-winning custom brand integrations within their programming and content. Some elements of the partnership include sponsorship integration on the ELEAGUE caster desk and within ELEAGUE's AdTracker, which facilitates uninterrupted game coverage, as well as promotion across ELEAGUE's platforms (including ELEAGUE.com, ELEAGUE's social media channels, and on TBS). Twitch and YouTube are ELEAGUE's digital distribution partners for live event coverage and on-demand content.

Boost Mobile will be integrated throughout ELEAGUE's forthcoming programming, beginning with **The ELEAGUE Cup: Rocket League**, ELEAGUE's first time entering the sports-action video game space, kicking off **Friday, Dec. 1, at 2 p.m. ET** on Twitch with an accompanying feature series premiering later that night at **10 p.m. ET/PT** on TBS. ELEAGUE will begin the new year with the **ELEAGUE Major: Boston**; live coverage will start Jan. 12 from the ELEAGUE Arena at Turner Studios in Atlanta, with the champion crowned via the final rounds of live competition at Boston's Agganis Arena.
