Tigtone and The Shivering Truth Deliver Insane Quests and Surreal Tales

Going all in on the medieval and surreal, Adult Swim announced today they have greenlit two new original series with different animation styles, *The Shivering Truth* and *Tigtone*.

The Shivering Truth is a delicately crafted, surreal anthology comedy, a miniature propulsive omnibus clusterbomb of painfully riotous daymares, all dripping with the orange goo of dream logic. It is a series of loosely-linked emotional parables about stories within tales that crawled out of the deepest caverns of your unconscious mind and became lovingly animated in breath-slapping stop motion -- in other words, it is the TRUTH.

Created and written by Vernon Chatman, who also serves as director with Cat Solen, the series is executive produced by PFFR (Neon Joe, Werewolf Hunter, Xavier: Renegade Angel) with Solen. The animation studio is Shadow Machine. *The Shivering Truth* is currently in production and will premiere later this year.

Next, Adult Swim goes totally medieval with *Tigtone*, a new quarter-hour animated series created by Andrew Koehler and Benjamin Martin, who also serve as executive producers with Blake Anderson (Workaholics).

Tigtone is the saga of a quest-addicted hero (Tigtone) who slashes his way through a satirical fantasy universe with melodramatic ferocity and a complete disregard for the collateral damage he inflicts along the way. The series both celebrates and subverts tropes of the fantasy genre, role playing games, video games, and films.

Combining highly rendered, hand-painted fantasy art, motion capture performance, 2D animation, and pseudo-3D visual effects, the wizards at Titmouse have ventured into uncharted territory to pioneer this radical new style, creating a *Tigtone* universe that is beautifully unsettling. The new comedy series debuts on Adult Swim in 2019.
